

Designed for the Classic American Home

RAILOCK[®] LOCKING SYSTEM

- XLoc[®] Technology combines the Railock[®] Locking System, a Patented Nailing Hem with Parallel Nailing Slots and Hammer Stop, and the proprietary NailRIGHT[®] Siding Installation System – these features help ensure an installation that's accurate, straight and secure and hides any unevenness or imperfections on the wall surface
- .050" Panel thickness with a brushed pattern
- A 3/4" panel projection provides rigidity and casts deep, appealing shadow lines
- Available in two traditional styles:
 - Double 4" Clapboard
 - Double 5" Dutchlap
- Matching and contrasting soffit and accessories
- Limited Lifetime Transferable Warranty with ColorHold[®] Lifetime Fade Protection
- Won't blister, crack, flake, peel or rot like wood exteriors, so you'll never have to scrape, sand or paint again, reducing time and cost spent on maintenance
- Can help increase the resale value of your home, making it a wise investment should you ever decide to sell

These are some of the benefits you'll start to enjoy when you decide to make **American Classic[®]** Super Premium Vinyl Siding the choice for the life and looks of your most valuable possession.

THE RAILOCK LOCKING SYSTEM COMBINED WITH THE SUPERIOR RIGIDITY OF THE PANEL AND HEAVY DUTY EXTENDED RETURN LEG ENSURE SECURE LOCKING OF PANELS, WHICH PROTECTS AGAINST PANEL BLOW OFF IN ADVERSE WEATHER CONDITIONS.

CLAPBOARD

DUTCHLAP

AMERICAN CLASSIC[®] HAS EARNED THE IMPRESSIVE MARK, FOR ITS VINYL MANUFACTURING PROCESS, OF ISO 9001 THROUGH DNV-GL - BUSINESS ASSURANCE USA, INC.

Engineers designed **American Classic®** Super Premium Vinyl Siding with one goal in mind – to create an innovative vinyl siding panel that would:

- Lay flatter and straighter on the wall.
- Eliminate installation problems that can make even the best vinyl siding panels look bad.

Patented Nailing Hem

- HAMMER STOP
- LARGER NAILING HEM
- DUAL PARALLEL NAILING SLOTS
- STAPLE GUIDE
- EXTRA HEAVY DUTY LOCK

These features help ensure **American Classic®** Super Premium Vinyl Siding will stay up and stand up to whatever Mother Nature has to offer.

A Unique Brand of Vinyl Siding

You know that American Classic® Super Premium Vinyl Siding is different from other sidings from the moment the first panel is pulled from the box.

It stands tall and straight, proving its superior rigidity. And if American Classic® Super Premium Vinyl Siding won't bend or bow before it's installed, you know it will deliver outstanding performance once it's on the wall—providing straight, smooth lines that keep their fresh new look, year after year.

OTHER VINYL
SIDINGS
DON'T HAVE
THE STRENGTH
OR RIGIDITY
TO SUPPORT
THEMSELVES LIKE
AMERICAN CLASSIC®.

TRY THIS BEND TEST
AND PROVE TO
YOURSELF THAT
AMERICAN CLASSIC®
IS THE STRONGEST
VINYL SIDING PANEL
ON THE MARKET.

THE PATENTED
NAIL HEM HAS A BUILT-IN
HAMMER STOP THAT INHIBITS NAILS
FROM BEING DRIVEN TOO TIGHTLY.

THE EXCLUSIVE
STAPLE GUIDE PERMITS QUICK AND
EASY STAPLING THROUGH DUAL
PARALLEL NAIL SLOTS.

 PREMIUM COLOR

COLORHOLD® Lifetime Fade Protection

ColorHold is a highly-durable capstock that resists fading and discoloring and is backed by a Limited Lifetime Transferable Warranty including Lifetime Fade Protection.

NailRIGHT™ SIDING INSTALLATION SYSTEM

AVOID:

Hidden Dangers

Nails that miss their mark can be potentially hazardous to items, like wiring and plumbing, located in the cavities between studs.

Blow Off

NailRIGHT helps guide the installer to the studs for an installation that's strong, secure and resistant to blow offs.

Unnecessary Nail Usage

NailRIGHT assures the proper amount of nails are used, saving your home from unnecessary hammer hits.

Your professional installation crew takes every possible precaution to make sure your new siding looks and performs its best.

They use the proprietary NailRIGHT® Siding Installation System to help them locate and precisely nail into the framing studs. This is a very important detail because misapplied nails can cause siding to buckle, blow off in windy conditions, or be hazardous if they strike wiring or plumbing located between the studs.

NailRIGHT helps ensure an accurate and safe installation. It securely connects the siding to the wall for optimum performance. This means the beautiful siding you select will not only stand out, but will stay up, even in extreme weather conditions.

Beauty and Performance. It's the perfect siding combination to make the exterior of any home...perfect.

Safe, Secure Installation

THE "X" APPEARS EVERY 8" ON THE NAILING HEM AS A GUIDE TO HELP DETERMINE LOCATION OF HIDDEN WALL STUDS.

A Product You can be Proud of from a Contractor You can Depend on

American Classic Super Premium Vinyl Siding is manufactured and designed to give you years of lasting beauty and performance.

But for a siding panel to perform its best, it must be properly installed. That's where we come in. Homeowners throughout the area have placed their confidence in us because of our quality and craftsmanship. They turn to us for consultation on the right products for the exterior of their home. They know they can

trust us for a professional finish that's done right and done on time, and a job site that's totally cleaned-up when the work is finished.

What does all this mean to you? Peace of mind and comfort knowing the products we install will not only add appeal, but durability and performance for many years to come.
