

DESIGNED FOR THE CLASSIC AMERICAN HOME

CLASSIC BEAUTY AND PERFORMANCE

CLAPBOARD

DUTCHLAP

- **XLok**® Technology features **JawsLock**®, a Superior Full Reversed Rolled-Over Nail Hem that doubles the thickness of the panel where it's nailed to the wall, combined with the proprietary **NailRIGHT**® Siding Installation System – these features help ensure an installation that's accurate, straight and secure and hides any unevenness or imperfections on the wall surface
- .046" Panel thickness with a low gloss natural cedar woodgrain pattern
- A 3/4" panel projection provides rigidity and casts deep, appealing shadow lines
- Available in three traditional styles:
 - Double 4" Clapboard Extended Length
 - Double 5" Clapboard Extended Length
 - Double 5" Dutchlap Extended Length
- Matching and contrasting soffit and accessories
- Limited Lifetime Transferable Warranty with **ColorHold**® Lifetime Fade Protection
- Won't blister, crack, flake, peel or rot like wood exteriors, so you'll never have to scrape, sand or paint again, reducing time and cost spent on maintenance
- Can help increase the resale value of your home, making it a wise investment should you ever decide to sell

- A heavy duty extended return leg snaps tightly into the **JawsLock**® locking system which is double the thickness of the siding panel under the nail head, for an installation that's solid, secure and protects against panel blow off in adverse weather conditions

Profile & Color Shown:
Double 4", White

These are some of the benefits you'll start to enjoy when you decide to make **American Classic**® Premium XL Vinyl Siding the choice for the life and looks of your most valuable possession.

○ PREMIUM COLOR
★ DESIGNER COLLECTION

A beautiful collection of darker, richer colors with tremendous curb appeal, providing a real value for homeowners seeking a unique darker finish that stands out and stands apart from others in the neighborhood.

15 YEAR COMPARISON OF FADE

	Original Siding Color
	AMERICAN CLASSIC Premium Vinyl Siding - After 3 Years of Exposure
	AMERICAN CLASSIC Premium Vinyl Siding - After 15 Years of Exposure
	Standard Vinyl Siding - After 3 Years of Exposure

This is a visual representation of the actual fade that can be expected on standard vinyl siding vs. American Classic Vinyl Siding. Colors are mechanically reproduced.

WITH NAILRIGHT, AVOID:

HIDDEN DANGERS

Nails that miss their mark can be potentially hazardous to items, like wiring and plumbing, located in the cavities between studs.

BLOW OFF

NailRIGHT helps guide the installer to the studs for an installation that's strong, secure and resistant to blow offs.

UNNECESSARY NAIL USAGE

NailRIGHT assures the proper amount of nails are used, saving your home from unnecessary hammer hits.

SAFE AND SECURE INSTALLATION

Your professional installation crew takes every possible precaution to make sure your new siding looks and performs its best.

They use the proprietary NailRIGHT® Siding Installation System to help them locate and precisely nail into the framing studs. This is a very important detail because misapplied nails can cause siding to buckle, blow off in windy conditions, or be hazardous if they strike wiring or plumbing located between the studs.

NailRIGHT helps ensure an accurate and safe installation. It securely connects the siding to the wall for optimum performance. This means the beautiful siding you select will not only stand out, but will stay up, even in extreme weather conditions.

BEAUTY AND PERFORMANCE. IT'S THE PERFECT SIDING COMBINATION TO MAKE THE EXTERIOR OF ANY HOME...PERFECT

Profile & Color Shown:
Double 4" Firebrick

THE "X" APPEARS EVERY 8" ON THE NAILING HEM AS A GUIDE TO HELP DETERMINE LOCATION OF HIDDEN WALL STUDS.

A PRODUCT YOU CAN BE PROUD OF FROM A CONTRACTOR YOU CAN DEPEND ON

AMERICAN CLASSIC® HAS EARNED
THE IMPRESSIVE MARK, FOR ITS
VINYL MANUFACTURING PROCESS,
OF ISO 9001 THROUGH DNV-GL
BUSINESS ASSURANCE USA, INC.

American Classic Premium XL Vinyl Siding is manufactured and designed to give you years of lasting beauty and performance.

But for a siding panel to perform its best, it must be properly installed. That's where we come in. Homeowners throughout the area have placed their confidence in us because of our quality and craftsmanship. They turn to us for consultation on the right products for the exterior of their home. They know they can trust us for a professional finish that's done right and done on time, and a job site that's totally cleaned-up when the work is finished.

What does all this mean to you? Peace of mind and comfort knowing the products we install will not only add appeal, but durability and performance for many years to come.
